

A collection of various laboratory glassware including flasks, beakers, and test tubes containing colored liquids. The items are arranged on a white surface against a white background. There are several Erlenmeyer flasks with orange, yellow, and green liquids. A graduated cylinder with blue liquid is visible. A large beaker with green liquid and a 600ml mark is on the right. A test tube with orange liquid is in the foreground. A large flask with blue liquid and a 1000ml mark is in the background. A glass rod is inserted into the beaker with green liquid.

Science Lab Equipment

Write the correct name of the piece of equipment and a brief explanation of its function.

1.

2.

3.
